DEFINITIONS

1. Military Installation Parking. Vehicle parking spaces under the control of a DoD Component that are used for Government vehicles, other official vehicles, visitor vehicles, and privately owned vehicles (military, civilian, contractor, nonappropriated).

2. Car Pool. A group of two or more people using a motor vehicle for transportation to and from work.

3. Personnel Parking. The parking spaces assigned for the use of privately owned vehicles, other than those classified as official parking.

4. Handicapped Employee. An employee who has a severe, permanent physical or mental impairment which, for all practical purposes, precludes use of public transportation. Employees unable to operate a car as a result of a permanent impairment (such as, the blind) and are driven to their place of employment by someone else shall receive a parking space assignment without charge. Individuals who temporarily qualify for a handicapped parking space (for example, due to a strained back, during convalescence from an illness or a broken leg) are not exempt. Justification for this priority requires certification by a DoD Component medical unit, the Veterans Administration, or the Public Health Service.

5. Official Parking. Parking spaces reserved for Government-owned or leased vehicles, which do not include spaces for privately owned vehicles used for official business or contractor operated and nonappropriated fund vehicles.

6. Parking Space. The area allocated in a parking facility for the temporary storage of one passenger-carrying motor vehicle.

7. Regular Member of a Car Pool. A person who travels daily (leave excepted) in a car pool for a minimum distance of 1 mile each way.

8. Van Pool. A group of 8 to 15 persons using a van, specifically designed to carry passengers, for transportation to and from work in a single, daily round trip. This vehicle excludes automobiles, buses, or commercially operated van pools.

9. Visitor Parking. Parking spaces reserved for the exclusive use of visitors to a military installation, facility, or property, or GSA-provided spaces.

10. Shift Worker. An employee whose scheduled duty hours are established as a shift starting or ending outside his or her organization's normal duty hours. This term includes an employee on swing or midnight shifts; but it does not include an employee on overtime or flexitime, or an executive who works hours beyond the usual 8-hour work day.

11. Military and Civilian Personnel. All U.S. and foreign military personnel and all civilian, contractor, and nonappropriated fund personnel assigned for duty at GSA-controlled, DoD-utilized facilities or at military installations, facilities, and properties.
